## Overview

INTERGENERATIONAL BONDING IS DEFINED AS THE BOND AND RELATIONSHIP BETWEEN DIFFERENT GENERATIONS. IT IS FOUND TO BE LACKING WITHIN HOUSEHOLDS. DUE TO THE INCREASING NUMBER OF NUCLEAR HOUSEHOLDS AND CURRENT TECHNOLOGICAL ADVANCEMENTS, IT IS FOUND THAT THIS BOND WITHIN FAMILIES ARE WEAKENING. IN OUR PROJECT, WE ARE STUDYING THE PRESENT RELATIONSHIP BETWEEN THE MEMBERS IN THE FAMILY, AND WE AIM TO COME UP WITH AN IDEAL SOLUTION TO PROMOTE THE BONDING, SO AS TO EMPHASIZE THE NECESSITY FOR INTERGENERATIONAL BONDING.

## Objectives

WE WANT TO UNDERSTAND MORE ABOUT OUR SOCIETY, NAMELY THE HUMAN RELATIONSHIPS BETWEEN THE DIFFERENT AGES AND THE VARIOUS METHODS ON HOW TO RETRIEVE SUCH INFORMATION. THE AIM OF OUR PROJECT IS TO COME UP WITH A SOLUTION TARGETING THE YOUTHS, TO PROMOTE INTERGENERATIONAL BONDING.

## Methodology

THE GROUP WORKED OUT A SURVEY TO COLLECT INFORMATION ON THE RELATIONSHIP BETWEEN THE DIFFERENT GENERATIONS. THE SURVEY WAS CONDUCTED FOR A WEEK AND THE RESULTS WERE COLLATED AND PRESENTED IN A CHART SHOWING THE DIFFERENT PERCENTAGES OF RESPONSES FOR THE DIFFERENT OPTIONS. THROUGH THIS SURVEY, THE DATA INDEED HAS PROVEN THAT THE BONDING WITHIN FAMILIES HAS WEAKENED AS COMPARED TO PREVIOUS YEARS.

## Results

## Conclusion

YOUTHS ARE AWARE OF THE IMPORTANCE OF STRONG INTER-GENERATIONAL BONDS, YET THEY ARE NOT SURE HOW TO IMPROVE THE RELATIONSHIP WITH THEIR PARENTS AND GRANDPARENTS. A FACEBOOK PAGE TITLED "ZHONGHUA INTER-GENERATIONAL BONDING" AND #ZHSSIGB ON INSTAGRAM SERVE AS SOCIAL MEDIA PLATFORMS FOR STUDENTS TO POST PHOTOS OF THEM INVOLVED IN THEIR FAMILY ACTIVITIES.
